Subject: Mathematics

 Collect the registration numbers of any 10 cars in your locality.

- Write the numbers in words
- Arrange the numbers in even or odd
- Arrange the numbers in ascending and descending order.

(TO BE DONE IN NOTEBOOK)

 Visit the zoo with your parents.

1. Research the size of different animals you want to see at the zoo. For example, giraffes are the tallest, followed by elephants, lions, and monkeys etc... .Give them positions 1 to 20 based on their size.

2. Assign each animal a position based on their height. For instance, giraffes could be "first" since they are the tallest, elephants could be "second," lions could be "third," and monkeys could be "fourth." and so on.

3. Observe the animals, take pictures of animals and paste the picture on the Chart paper with the name and Position of animals and learn fascinating facts about them.

Remember to have a fantastic time at the zoo while exploring the different animal sizes! Enjoy your visit! 🦒🐘🦁🐒
